

CHURCH MAKES RECYCLING “CRISPER”!!

Easingwold Parish Church has started a scheme to recycle some items, such as crisp packets, which cannot be put in the normal council recycling bins. This is a follow-up to an initiative by the Deanery Synod Environmental Group, which has tracked down an Environmental Charity in York (St Nicholas Fields), which will accept items that would normally go into black bins as domestic rubbish. But now they are able to recycle crisp packets, sweet biscuit and cake wrappers, as well as **plastic** pens etc. They pass them on to the commercial company ‘Terracycle’, which raises funds for the charity, as well as reducing the waste in our bins!

The box placed at the back of church (a similar one has been put in Raskelf Church) was rapidly filled! M.W.

Recycle more plastic

Place these items in the box provided. They will be taken to St Nicks (St Nicholas Fields) an Environmental Charity in York.

They will send them for recycling to [Terracycle](http://www.terracycle.com). This helps to raise funds for St Nicks charity, as well as reducing the waste in your bin
